

31
said controller processing circuitry being responsive
to a response formulated by said vehicle operator to amend said
~~instructions~~ 32

--38. (New) The system of claim 31 wherein said vehicle
is an ambulance and said instructions include information on a
patient to be transported and addresses at which the patient is
to be picked up and delivered.

33
--39. (New) The system of claim 31 wherein said
instructions include status information regarding times at which
said transportation service was requested, the time the vehicle
operator acted upon the request, and the time the request was
completed, and said response modifies said status information.

34
--40. (New) The system of claim 31 wherein said vehicle
is an airplane and said controller processing circuitry is part
of an air traffic control system.--

Remarks

This amendment adds one excess independent claim and
four excess dependent claims. A check for the appropriate excess
claims fees is attached hereto. If the check is missing, or if
any other charges or credits are necessary to complete this
communication, please apply the fees to Deposit Account 23-3000.

Respectfully submitted,

Thomas W. Humphrey
